

Preparing Ahead of Time:

1. Make sure to create an Amilia account or ensure you can log into your existing Amilia account.
2. Confirm or update your child's information in Amilia
3. Verify your payment method is up to date
4. All weeks are now available to view on our Amilia store page. Please take the time to look through all our available offerings and plan ahead of time which weeks you'd like to have your children attend, not attend, and if you'll need extended day care.

The Registration Process:

1. Registration is a click intensive process, and many parents will be accessing the page at the same time. We apologize in advance for any slow load times during this process
2. By default, your summer camp registration will be split up into installments. You'll owe 25% of camp registration + the \$75 weekly registration fees up front at the time of purchase.
3. After clicking "Register for session" a smaller window will appear. You can add your child by clicking the small blue "+" sign and then clicking the second blue "+" sign that appears below to confirm installments or to pay up front.

4. You will then be prompted with the weekly camp registration fee and then asked about aftercare for the given week. ***Please note*** aftercare is now attached to each week's registration and not a separate program. **You must press the blue "Add to cart" button for each week to register for aftercare.**
5. When you proceed to payment, you will get a breakdown of what is owed now and what is being added to an installment plan. Installments will be charged on the 1st of each month and will conclude on May 1st.
- 6. Please check for and save the confirmation email you receive from Amilia. This email contains all the additional forms we need to receive before your child can attend camp, including their health and emergency contact forms.**

FAQs:

Q: Is the \$75 registration fee for each week or for the entire summer?

A: The \$75 registration fee is applied for each week you register for. For example, if you register your child for 4 weeks of camp, you will owe \$75 x 4 for \$300 total. This fee is non-refundable and owed at the time of registration. It cannot be added to an installment plan.

Q: Can I register for non-consecutive weeks of camp?

A: Yes! Each week of camp is its own item. If you are planning a vacation for a specific week or just want to pick out your favorite field trips, that's 100% ok!

Q: What's the difference between classroom and regular camp?

A: Classroom Camp offers a more academically focused experience and is led by a classroom teacher or instructional aide who is employed at either Merritt Academy or another school throughout the school year. Traditional Camp is led by camp counselors and focuses on classic camp experiences, including games and creative play. Both options are fully integrated into the overall camp program, and all campers will participate together in field trips, daily pool time, assemblies, and special activities throughout the summer.
